<p>1. The attached paper is forwarded as operational background</p> <p>[REDACTED]</p> <p>25X1X7</p> <p>2. The paper, based upon reports from KUBARK field stations and various members of the intelligence community, has been assembled as part of a continuing [REDACTED] study of political action and psychological warfare operations conducted within the Free World by countries of the Sino-Soviet bloc. The [REDACTED] objective is to uncover identities and activities of Bloc clandestine assets (organizations, groups, press media, individuals) used in covert political action and/or psychological warfare against non-Communist countries, and to produce operational aids setting forth whatever international operational patterns may emerge as the study continues.</p> <p>25X1A2d1</p> <p>25X1A2d1</p> <p>3. The local Communist parties and local and international front organizations which for long have been subjects of operational and intelligence interest are obviously an enormous political action complex in themselves, but inadequate attention has so far been directed at other instruments through which Bloc political action and psychological warfare operations are conducted. One aspect of Bloc activity in the field of black and unattributable propaganda is the covert use of Free World press assets for this purpose. Currently available information on this aspect is synthesized in the attached paper. Studies on other aspects of covert Bloc political action and psychological warfare operations will be prepared and will be distributed for field information as completed.</p> <p>25X1A2d1</p> <p>4. The usefulness of the [REDACTED] project of which this paper is a part depends primarily upon the support of field stations. [REDACTED] and [REDACTED] personnel are therefore requested to forward for [REDACTED] attention information which in their opinion is relevant to the subject discussed in the enclosed survey and to all other known or suspected covert Bloc political action and psychological warfare activities within their areas.</p> <p>25X1A2d1</p> <p>[REDACTED]</p> <p>25X1A2e</p> <p>Attachment (1)</p>
